# IMPORTANT THINGS TO NOTE

## WAYS TO HELP THE AUTHORS WITHOUT ANY COST INCREASE CHANCES OF GETTING ON CHARTS:

- Favourite the author's bulletin
- Favourite a novel
- Giving fertilisers to a novel (Give them away before they expire.)
- Rating a completed novel (After purchasing the whole novel.)

## WAY TO SAVE MONEY AS YOU READ

- Purchase only on **jjwxc's app** (enjoy **SUPER VIP** privileges)

Do note that this guide covers more on the app too.

## ABOUT COMMENTING

### 1<sup>st</sup> comment on each chapter = 2 jj novel points

- If you have no idea how to comment, comment any of the below:

补分 / 啊啊啊啊 / 加油 / 喜欢

(means you are commenting just to add points to the novel / ahhhhh / fighting / I like the story)

- At the last chapter, you can simply comment:

谢谢大大!

(means thank you author-nim!)

- Avoid commenting too quickly one after another (a few minutes break in between each comment)
- Repeated commenting on a single chapter will result in a 0 point comment and a deduction in moonstones (See **page 38**)
- Do avoid commenting too much in English or other languages other than Chinese. Fan translation is not encouraged by authors and they might not know what you are talking about.  
(Short simple phrases/a word are fine, i.e. nice!, etc, or if a particular phrase in another language is used in the novel)

Note 1: The VIP chapters you purchased have a **1-year guarantee** that you will be able to read them, excluding situations such as the chapters being locked. After a year, the chapters may become unavailable due to possible reasons such as the author terminated the contract (super rare). **However**, this guarantee comes in handy if you purchased a novel within a year but found that you have to purchase it again. You will need to contact the customer service in this case to get them to fix this issue.

Note 2: Most VIP novels have the **anti-theft function** on. You need to purchase a certain ratio of the VIP chapters to be able to read all the purchased chapters immediately. Should you purchase less than required, the chapters may appear to be repeated/some random chapter and you will have to wait for 1-72 hours to view the actual chapter(s) depending on the author's setting.

When you get to the **very end of the last novel (latest update/ending)**, this page will appear. You can choose to just comment and/or throw bombs (see below) here. You can leave a bookmark (see **page 37**) at this page too.

The screenshot shows a novel page with a green header containing a back arrow and the text "novel title". Below the header is a row of bomb icons with their respective point values: 地雷 (100 points), 手榴弹 (500 points), 火箭炮 (1000 points), 浅水炸弹 (5000 points), 深水鱼雷 (10000 points), and a field for "自行填写数" (self-entered number). Below this is a grey box for "your id" and a green button for "2分|鲜花一捧" (2 points | one bouquet of flowers). A text input field contains "跟作者说两句吧" (say a few words to the author) followed by "comment here". A large green button says "确定confirm". Below this are two red text links: "editor's recommendations" (with subtext "编辑推荐") and "we think you'll like" (with subtext "猜你喜欢"). To the right of the second link is a "换一换 change" button. A green arrow points from the "check for updates" text to a circular refresh icon. At the bottom right, another green arrow points to a "author's bulletin" link (with subtext "看看作者的其他佳作").

**CHECKING COMMENTS YOU LEFT (FOR REPLIES/RECORD)**

A blue envelope icon with an upward arrow, followed by the text "发出评论" (send comment) and "comments" in a larger font.

The screenshot shows a page titled "发出评论 comments you left" with a back arrow. It displays the novel title "《novel title》" in green, followed by "chapter \_\_ \_points" and "第 章 2分". Below this is the text "your reader id" and "what you commented". At the bottom, it says "time you left the comment" and has a speech bubble icon.

# THROWING BOMBS

Throwing bombs helps with the novel's ranking, increases chances of getting on different charts and serves as extra rewards to thank authors. This is completely optional but a very nice thought.

# GIVING AWAY FERTILISERS

Expires on the 1<sup>st</sup> of the third month you receive the bottles (i.e. when you receive 10 bottles on 20<sup>th</sup> January, they will expire on 1<sup>st</sup> March) so do remember to **give the fertilisers to your favourite novel/author**, preferably for an ongoing novel to help increase chances of getting on charts. The site takes some time to refresh the number of bottles on the 1<sup>st</sup> so it is not weird to see your bottles empty even though they have not expired. Just allow some time for the bottles to be updated. (See more on **page 42**)

## GETTING FERTILISERS

1. When you purchase any ongoing/completed VIP novels that are **300,000 words** long, without skipping any chapter, you can get **10 bottles** of fertilisers. 20 bottles for 600000 words, and etcetera. For example, if you purchase a 510,000 words long VIP novel without skipping any chapter, you will get 10 bottles;
2. For completed VIP novels with **less than 300,000 words**, after purchasing without skipping any chapter, based on the word count for VIP chapters, you can get **1 bottle** for every **30,000 words**. For example, a particular completed VIP novel has a word count of 220,000 words. After purchasing without skipping any chapter, you can get 8 bottles.

Notes:

1. Skipping chapters includes purchasing part of the VIP chapters when the novel is set up for limited-time free.
2. You can get fertilisers from purchasing completed half-priced novels, but purchasing **monthly-payment and limited-time free novels** do not give you fertilisers.
3. Completed VIP novels do not simply mean novels that are marked as completed. You need to wait till the author request to complete and calculate the earnings of the novel.
4. For novels that are exactly 30,000 words long, you will get 1 bottle but it is automatically watered to that particular novel.
5. The bottles will be sent to your account the next day after you complete your purchase. (Might even take 2-3 days sometimes.)
